TWO-MILE SWIMMING CHAMPIONSHIP RACE ACROSS BAY AUGUST 20

Secretary di Benedetto, S. A. A. U., in Charge Racing
Details, Assisted by Bro. Peter, President.

S. A. A. U., 2-mile swimming race
to take place in the waters of Bay
St. Louis, Saturday afternoon, Aug.
20th. Race will begin promptly at
2:30 p. m. The starting point will be
directly in front of Bennie French's
bathing beach, south of the bi-county
automobile bridge. The racing com-
mittee, comprised of members of the
Rotary Club, consists of Edw.
I. Jones, chairman; Robert Camors
and Alden Mauffray. This com-
mittee is in charge of all arrange-
ments.

Race will terminate in front of
Hotel Reed, and immediately fol-
lowing, trophies and various prizes
will be awarded to the winners.
Presentation of awards will take
place at Hotel Reed. Secretary di
Benedetto will be in charge of all
racing details, and he will be assisted
by Brother Peter, president of the
S. A. A. U.

Mobile, Biloxi, Gulfport and New
Orleans sports writers have given
much space to this championship
swimming race, and a large entry
list is expected.

Secretary di Benedetto announces
twenty contestants have registered
and qualified, from New Orleans
and other points south. Many con-
testants, from as far north as Mem-
phis, Tenn., and Shreveport in north-
west Louisiana.

The swim will begin on time
from the east side of the bay, and
boats will follow the swimmers from
a safe distance in case of emergen-
cy. Local doctors will be on hand.
And to keep traffic straight and
clear on both the Harrison and
Hancock county sides, State Patrol-
men will guard the Bay St. Louis
shores and Harrison county patrol-
men will guard the Henderson Point
area.

Secretary di Benedetto will be ac-
companied by officials of the S. A.
A. U. and other prominent visitors
from New Orleans.

Because of the shallow water on
the Bay side the course will be
slightly short of two miles, and will
be known officially not as the two-
mile race but the Bay Swim. It
will be the first official swimming
contest in Bay St. Louis and will
probably break records.

Visitors will view the progress of
the contest from along side of the
auto bridge, occupying the pedest-
rian side. The bridge will be duly
patrolled.

HANCOCK COTTON GROWERS

Will Be Interested in An-
nouncement From County
Agent John A. Bozeman

J. A. Bozeman, county agent, wishes
to advise that his office has been
making a special effort to determine
if all farmers who produced cotton
in 1937, have filed a complete set-
tlement of their local production.
This information is very vital, be-
cause it is used in executing appli-
cations, in connection with the 1937
cotton price adjustment payment
plan. All farmers who are growing
cotton in 1938, have been advised by
letter of their farm acreage allot-
ment, the normal yield of lint cot-
ton per acre, and the normal pro-
duction for their respective farm.

Mr. Bozeman, announces that
while marketing cards are being ex-
ecuted for every farmer, cooperating
in the 1938 program that has not
overplanted his cotton acreage al-
lotment, and that red marketing
cards, will be issued to those farm-
ers that have intentionally over-
planted their cotton acreage al-
lotment, thus causing them to have
to pay a tax of 2 cents per pound, of
lint on all over their farm allotment.

In order to convenience the farm-
ers cooperating, in the 1938 pro-
gram, a series of three meetings
will be held, Friday, August 19th,
at which time white marketing cards
will be issued to all farmers that
have not over planted their cot-
ton acreage allotment and certain
information necessary to complete
the cotton price adjustment appli-
cations will be asked of all those
farmers in attendance at these meet-
ings. These meetings are as fol-
lows:

Catahoula School, Friday, August
19, 9:00-11:00 A. M.

Leetown School, Friday, August
19, 11:00-1:00 P. M.

Flat Top School, Friday, August
19, 2:00-4:00 P. M.

Benedetto, secretary S. A. A. U. and

"IT HAPPENED ONE NIGHT" AT GULF THEATER, TUESDAY.

Demand Return Engage-
ment of "Snow White"
Sunday - Monday—
"Penitentiary" Tues-
day-Wednesday.

"It Happened One Night"
Tonight, Friday.

Starring in a picture that has
won every major award of the ac-
ademy of Arts and Sciences, Claudette
Colbert and Clark Gable give the
grandest performances of their car-
rier. Out for just a lark on a bus
ride, the whole situation takes on a
very humorous aspect. There are
many excellent scenes, the greatest
being the "Fall of the Wall of Jeri-
co." A grand show with a great
cast, you won't want to miss it.
Brought back for the thousands who
asked for its return. Tonight at
8 o'clock.

"She Married An Artist"—Saturday.

Hailed as one of the greatest
screen discoveries in many months,
Lullu Detti comes to the screen with
John Boles in "She Married An Ar-
tist." Can a sweet and demure
wife hold the love of an artist who
is besieged with beautiful and lov-
able models each day? What hap-
pens when the perfect model comes
along? For a show packed with
thrills a minute, Saturdays offering
leads all others. Also 11th Chap-
ter of "Zorro Rides Again," and
\$105 Bank Note.

"SNOW WHITE"—Sun. and Mon.

Brought back by the demand of
its patrons, the management of the
Gulf Theater is proud to announce
the coming of "Snow White and the
Seven Dwarfs" for the second time
Sunday and Monday. The show will
open at 2:30 Sunday afternoon and
4:30 Monday. Also News and Short
"Penitentiary"—Tues. and Wed.

Fresh from the pages of Uncle
Sam's personal index comes this
striking and dramatic story of "Pen-
itentiary," starring Walter Connolly,
Jean Parker and John Howard. The
story is the history of a youth im-
prisoned for manslaughter as the re-
sult of a brawl. There are none
of the usual tense, exciting mo-
ments so often witnessed in such
a show, but there is plenty of ex-
citement when a harbored grudge
gets the best of a hard-boiled in-
mate in the dungeon. Mr. Connolly
is exceptionally good as the warden,
while Miss Parker gives a
grand performance in the role of
Elizabeth Mathew, and lastly John
Howard is at his best in the part
of a hard-boiled fellow, Wm. Jordan.
Also "S O S Coast Guard"
Chapter 11 and selected short sub-
jects.

The regular double bill feature
will prevail on Thursday only.

TO CLOSE AFTER 9.

Step to Be Taken Necessary
—Public Nuisances Com-
mitted and Destruction
Of Property Cause.

Acting on postal department or-
ders Post Master Leo G. Ford an-
nounces the Bay St. Louis postoffice
building will in time be closed every
night from 9 o'clock on. Heretofore
the lobby of the building has been
opened all night, enabling patrons
to get to their P. O. boxes and to
mail letters at all hours.

However, says Mr. Ford, we shall
place a large deposit mail box on
the outside to enable letters to be
posted during the night.

This is deeply regretted for it will
be at the expense of box holders
unable to come earlier or who, pos-
sibly out of town, returning home
late, will in future be unable to
procure their mail from the private
individual box.

But, says Mr. Ford, acting under
instruction of Chief Inspector Har-
grove, closing of the building has
become necessary in order to avoid
further depredation of government
property and general nuisances
committed from time to time by
night marauders.

Young men of our city, with rather
doubtful reputations, and known to
the authorities, but with conclusive
proof lacking, invade the building
and commit nuisances not to be tol-
erated.

Again a case is in hands of the
authorities where mail from a local
merchant's box was taken. The
owner, it appears, had forgotten the
key in the box. The youth found
it and returned during the night, it
is charged, and rifled the mail.

The public nuisance charge is re-
peated from time to time and au-
thorities find it is necessary to keep
the loitering public out of the build-
ing during the overnight hours.

To Close at 12 Saturdays.

Another new order will also go
into effect, after due notice will have
been given. Instead of closing at
1 o'clock Saturday afternoons the
business windows will close at 12
noon. Patrons will take notice and
govern themselves accordingly.

LOGTOWN HOME CLUB HOLDS MEETING AT MRS. R. WHITFIELD'S.

Miss Peters, County Dem.
Agent Gives Several
Recipes.

The Logtown Club met with Mrs.
Sam Whitfield on Tuesday after-
noon at 3 o'clock. Miss Peters, dem-
onstrated canning pears for salads
and preserving them. She also
demonstrated preservation and crys-
talization of watermelon rind. Pears
are plentiful this year and she
would like to see them used. They
can be prepared in various ways.
If you haven't liked pears before,
try some of these recipes and see if
you don't change your mind.

Pear Marmalade

2 lbs. pears, cut in small pieces.
2 lbs. sugar
1 c. water
2 oranges may be used if desired

Cut the fruit, add to water and
sugar, and cook rapidly. Stir con-
stantly, and as soon as jelly test
(220 degrees F.) is reached, pour
into sterile jars and seal. Process
20 minutes at simmering.

Pear Preserves

1 lb. pear slices
2 c. water
2 c. sugar
1 lemon sliced very thin

Boil sugar and water 5 minutes.
Add pear and lemon, and cook with-
out stirring until pears are clear.
A stock of cinnamon may be added
if desired. If pears are clear before
syrup is thick, remove pears and
continue boiling syrup until thick.
Return pears, and heat to boiling.
Pack into hot dry jars, and seal.

Watermelon Rind Preserves

1 lb. melon rind
1 lb. sugar
1 qt. water
1 lemon
1 oz. lime
2 qts. water

Cut the rind into one-inch squares,
remove peel and all pink part, and
weigh. Soak over night in lime
water (one-ounce of lime to two
quarts of water.) The following
morning allow the rind to stand for
two hours in clear water. Drain
well, then drop into boiling water,
and boil rapidly for ten minutes.
Drain again, and add gradually to
the syrup (made by boiling together
the sugar and water. Add to
this the juice of one half lemon
and three extra slices of lemon.
Cook until the arrange the pieces
attractively in the jars and garnish
with slices of lemon. Cover with
syrup, process and seal.

Crystallized Fruit

Figs, pears, watermelon rind, kum-
quats and satsumas are some of
the suitable fruits for crystallizing.
Orange and grapefruit peel also
are easily crystallized. Figs, pears,
kumquats and watermelon rind
should be prepared as for preserves,
but instead of sealing when the
preserve stage is reached, they should
be left to stand over night in the
syrup and then heated again slowly
to boiling. Allow to boil rapidly
10 minutes. Set aside again over
night, and repeat. Continue until
the fruit becomes stiff and the sugar
begins to form crystals on top of
the syrup. Then drain out and al-
low to drain well. Roll in granu-
lated sugar to coat. Dry off again
in a very cool oven. Pack in jars.
Watch carefully so that, if molds
appear, the fruit may be used at
once, and store the remainder as pre-
serves which may be crystallized as
needed.

"SNOW WHITE" AT GULF THEATER, SUNDAY-MON, 21-22.

Return Engagement of Pic-
ture Due to Many
Requests.

Due to the many requests, it
was necessary to have a return en-
gagement on Snow White to satisfy
the many people who were unable
to see it on its first showing at the
Gulf Theater. Mr. Orte booked this
picture for three days believing that
this would be sufficient time for
everyone to see it, however on the
third day they had a capacity house
and it was necessary to turn away
many.

Mr. Orte had attempted to hold
the picture over two or three ad-
ditional days but R. K. O. needed
the print for other bookings.

So now the grand opportunity
comes to all who failed to see it to
do so, as well as, those who wish
to see it the second time.

"Snow White and the Seven
Dwarfs" Sunday and Monday, at
the Gulf Theater. Matinee Sunday,
2:30 continuously. Matinee Mon-
day 4:30 continuously.

BUILDING IS SWEEP BY FIRE

Two-Story Dwelling in Cit-
zen Street, Owned by
Mrs. M. Horrigan,
Destroyed.

Fire of unknown origin, Tuesday
morning after 2 o'clock, practically
destroyed the two-story frame dwell-
ing in Citizen street owned and oc-
cupied by Mrs. Mathilda Horrigan,
who, with her daughter, was away
visiting in New Orleans at the time.
Building and furniture, clothing
lost, the structure was partially in-
sured in the George R. Rea Agency.
The structure recently underwent
a thorough renovation, including
roofing, painting, screened through-
out at a reported cost of \$1600.00,
and contained from ten to twelve
rooms. It was a fine and spacious
dwelling.

It was assessed (city rolls) in the
sum of \$870.00, its former value. The
lot measures 103 feet fronting Cit-
izen street with a goodly depth. It
was originally built by Arthur R.
Johnston, has changed ownership
several times since and in the ab-
sence of final transfer is still assess-
ed to Mrs. M. V. Gex from whom
it was last purchased.

Louis Schwall, who resides at the
place, was at "Black Rail" club
when the fire signal was sounded.
He was soon on his feet and said
"I'm sorry for who ever's house is
burning, but hope it is not mine."
He was quick on the scene but was
unable to save anything, losing all
clothing.

Bay St. Louis fire department re-
sponded quickly and was successful
in confining the fire to its own area
and saving the surrounding frame
buildings.

"RED AND WHITE" KITCHEN SHOWER.

A "red and white" kitchen shower
was given complimenting Miss Isabel
Tucker at the Villere hall in Wavel-
land, with the decorative motif of
red and white carried out extensively
and to the most minute detail.

A floor program added to the nov-
elty and pleasure of the well-at-
tended shower. The surprise of the
evening was the unheard of en-
trance of Joyce and Shirley Dar-
denne, of New Orleans, in costume
and make-up representing negro
boy and girl. They carried a large
basket presenting the shower pres-
ents. They recited a composition
"To Miss Isis and Marsel Mel."
The usual refreshment of cooling
punch and delicious cake in abun-
dant was served from time to time
and the evening continued with
dancing until a late hour.

out at a reported cost of \$1600.00,
and contained from ten to twelve
rooms. It was a fine and spacious
dwelling.

It was assessed (city rolls) in the
sum of \$870.00, its former value. The
lot measures 103 feet fronting Cit-
izen street with a goodly depth. It
was originally built by Arthur R.
Johnston, has changed ownership
several times since and in the ab-
sence of final transfer is still assess-
ed to Mrs. M. V. Gex from whom
it was last purchased.

Louis Schwall, who resides at the
place, was at "Black Rail" club
when the fire signal was sounded.
He was soon on his feet and said
"I'm sorry for who ever's house is
burning, but hope it is not mine."
He was quick on the scene but was
unable to save anything, losing all
clothing.

Bay St. Louis fire department re-
sponded quickly and was successful
in confining the fire to its own area
and saving the surrounding frame
buildings.

"RED AND WHITE" KITCHEN SHOWER.

A "red and white" kitchen shower
was given complimenting Miss Isabel
Tucker at the Villere hall in Wavel-
land, with the decorative motif of
red and white carried out extensively
and to the most minute detail.

A floor program added to the nov-
elty and pleasure of the well-at-
tended shower. The surprise of the
evening was the unheard of en-
trance of Joyce and Shirley Dar-
denne, of New Orleans, in costume
and make-up representing negro
boy and girl. They carried a large
basket presenting the shower pres-
ents. They recited a composition
"To Miss Isis and Marsel Mel."
The usual refreshment of cooling
punch and delicious cake in abun-
dant was served from time to time
and the evening continued with
dancing until a late hour.

NATIONAL TAX NIGHTMARE COMING.

THIRTEEN months from now, according to slide rule calculations of a government economist, the national debt of the federal government will be in excess of 43 billion dollars—double what it was five years ago. For the fiscal year 1939, beginning July 1, next, congress has authorized the expenditure of 12.5 billions, 6 billion of which will be "deficit financed."

Breaking this vast sum down, it is found that during fiscal 1939, the federal government will spend \$1,027,397,150 a month; \$34,246,575 every day; \$1,426,940 each hour; \$23,782 every minute; or \$396 every second.

So what! Soak the rich, you say? According to the government economist, who got his figures from a treasury report, only forty-three people out of the 130,000,000 in the United States had incomes of a million dollars or more in 1937. Their aggregate income was 73 million dollars and if every penny was squeezed from them it would barely meet the government expenditures for 48 hours.

Once more we are forcibly reminded that taxes—and deficits—are paid in the sweat of labor by the average citizen.

COAST-WIDE OCCASION OF SIGNIFICANCE.

CATHOLICS from the Mississippi Coast region, and that is a wide territory, will assemble in Bay St. Louis possibly by the thousands, to attend the pontifical high mass to be held here on Sunday noon, September 18.

This occasion is in preparation to the National Eucharistic Congress to be held at New Orleans during October and will be marked with most solemn ceremonies.

For the occasion a specially-built altar in the open spaces will be constructed and its surroundings will be in due keeping with the fitness of things.

Our own people should respond to this preparation to the Eucharistic congress with not only the deep concern of reverence it naturally implies, but it behooves one and all to be alive to the wide-spread interest and community importance of this solemn and significant undertaking.

Sunday, September 18, is the day. It will be inspiring, uplifting and will bring one and all of common ground, closer to the things that are spiritual and for the general betterment of all mankind.

AN ACTIVE SOFT BALL SEASON.

BAY ST. LOUIS has had an active season of softball. Various local clubs have completed and created a healthy atmosphere of rivalry manifesting a thorough sportsmanship spirit.

That local business firms sponsored the various teams forming and supplying contesting groups for the season is another evidence of the progressiveness and alertness of our people.

Bay St. Louis is ever responsive. No other city in the average sense has more going projects for better community life. Our city and its people are responsive to the progressive element. They are red-blooded.

The fall athletic season is about to dawn. Our local schools will not only be there with the full quota of teams and competing over a wide area with other similar groups but the one other thing that is certain is to the effect our people will be there, too, with their presence, their moral backing and financial support to the full one hundred per cent mark.

We like to think of our Bay St. Louis in this spirit. It makes one feel all the more justified for wishing to live here.

THE TIME FOR ACTION.

THIS is the time of the year that suffers from hay fever and asthma unite in a fervent wish that the authorities that be will get busy and cut down ragweed and other growths which cause them to suffer.

Hancock county undoubtedly includes some of its citizens in the amazing number of those who suffer from these diseases. If something like the "good neighbor" policy could be put into effect in this community, many weeds would come down and these sufferers would be spared a part, at least, of their annual affliction. Municipal authorities everywhere should take cognizance of the situation and do what is possible to prevent the prevalence of ragweed and such growths.

HERE'S A SCHEME!

REPORTS come from California that thousands of voters have signed petitions for a measure to be on the ballots in November under which every citizen will be entitled to draw \$80 a week from the State Treasury after reaching the age of fifty years.

The idea sounds good and many people will undoubtedly sign a petition providing \$80 a week for them after they get to be fifty years of age. However, just the same, we would not like to be the Treasurer of the State of California when the payments begin.

The progress of aviation was well illustrated recently by a record-breaking mass flight of 42 long-range naval bombing planes, which flew from Seattle, Washington, to San Diego, California, a distance of 14000 miles without a stop.

SEASON OF FOOTBALL IS AT HAND.

SEASON of football is at hand. Ere long thousands of our stalwart youths will be engaged in gridiron activities. And a waiting public anticipates the opening of the season.

Football has become the great American game after baseball has been ushered out for the season. Our high schools and universities have accomplished more for this form of athletics than could be measured. The value to health, life and entertainment for the public is beyond calculation.

Football has largely contributed to the entertainment of American public and no other form of outdoor interest has contributed more to that end.

The public is largely the gainer. While the player receives the lion's share of the value of the game from athletic result Mr. John Public in line receives just as much. He is deeply engrossed in the game. He is taken away from business and general cares. It supplies him with a form of relaxation and surcease from business and general worry like nothing else could. It engrosses his attention in a manner that is unceasing and even after the season has ended at the accepted time of Thanksgiving, he refuses to let go. He tenaciously holds until the great New Year games. That is the last. The season is ended. But not without its beneficial effect to all concerned—players and fans alike.

WAR FINANCING IN CHINA.

WHEN the United States changed the gold content of its dollar, the practical effect was to enhance the value of gold, expressed in terms of the dollar.

This gave other nations in the world, which possessed gold, an opportunity to sell their yellow metal in the United States at a higher price than in other countries. As a result, there has been an influx of gold into the United States that is without parallel in the history of the world.

Japan has been quick to take advantage of the better price for gold in this country. In the last sixteen months, the Japanese have sent more than \$350,000,000 worth of gold to the United States. Converting the gold into dollars, it is comparatively easy for the Japanese to buy exchange in terms of the British pound or the French franc, where Japan is purchasing much war material. Consequently, in one sense of the word, the greatest value for gold has assisted Japan in the burden of bearing the expense of her war with China.

The United States, however, has also boosted the price of silver in terms of dollar. As a result, China has been a large seller of silver in this country, and the resulting profits have no doubt assisted the Chinese in paying for their war. Thus, we have a situation where the United States is assisting Japan and China to finance their warfare.

GOV. WHITE REPORTED BETTER.

MISSISSIPPI'S great Governor, Hugh L. White, is reported recovering from what the press terms a heart attack. He has been the victim of cardiac fatigue. A cardiogram reveals nothing that could be construed otherwise.

Gov. White is governor. He is intensely interested in the welfare of the State and its people. He feels they are his charge. He is conscientious almost to a fault.

He is like Atlas holding the world on his shoulders. He carries the burden of State. He called the legislature in extraordinary session. He has labored with it by day and night. Unceasing in administering to his duties and has well shouldered the burden that might be carried by others concerned.

It is gratifying to learn his illness is not of immediate serious nature; that, according to doctors in attendance, within due time he will be up and out again.

Men of Hugh White's type and calibre in public office are few and wide between. It is well that such men be well taken care of. In this day of abnormalities it is well we have such men at the helm of the ship of State.

Long life to Governor Hugh White. And may his kind increase.

NO WAR—AT THIS TIME.

RUSSIA and Japan, it appears, have agreed not to fight a war at this time.

There is no reason to suspect that peace will suddenly descend upon the Manchukuoan-Siberian frontiers. Inevitably, in the future as in the past, clashes will occur between the soldiers of Russia and those of Manchukuo and Japan.

There are reasons to believe that neither Soviet Russia nor Japan wants a war over the Far Eastern boundary at this time. Russia's hands are full with domestic difficulties and the Japanese have about all they can take care of in Southern China.

From the Russian standpoint, as long as the Chinese armies continue to engage Japan, there is no reason for the Soviet to begin to fight. If China wins, Japan is practically finished as a threat to Russia. If Japan wins after a prolonged struggle, the Island Empire will be weaker and there will be time enough to settle boundary disputes before the Japanese recover from the strain of the war in China. In other words, by waiting, the Russians have all to gain and nothing to lose.

TAR AND FEATHERS.

IT has been quite a while since we have read about a tar-and-feathering case. We were under the impression that this form of punishment and "reform" had about passed out of existence.

Such, it seems, is not true. From Welch, West Virginia, comes a news story about a miner who allegedly was grabbed by a gang as he was going to work, stripped and then "tarred and feathered."

Investigators report that the man was accused in a morals case. The chances are, however, that the gang which picked him out was not interested in morals but rather in an opportunity to inflict some punishment upon the man in a spirit of devilry, "cussedness" or just plain fun.

Hollywood Notes.

JOSEPH Von Sternberg who directed Marlene Dietrich in her most successful picture, has been assigned the first picture in which Hedy LaMarr will appear for MGM.

Robert Young may be sent to London to star in "Busman's Holiday" after the London studio completes "Goodbye, Mr. Chips."

Roland Young will be starred as the country doctor in H. C. Brunner's "Zenobia's Infidelity." It is the story of a doctor who loses caste with his patients after treating an elephant burned in a circus fire.

In "Service, Deluxe" Constance Bennett has been assigned to co-star with Vincent Price. Price is the well-known actor who appeared on Broadway opposite Helen Hayes in "Victoria Regina" and with Elissa Landi in "The Lady Has a Heart."

Errol Flynn will star in a remake of Rafael Sabatini's "The Sea Hawk," after he completes "Dawn Patrol."

Franchot Tone has announced that he will return to the New York stage about Nov. 1 when his contract with Metro expires.

New York has opened her first automobile motion picture theater. It is called the Sunrise Drive-In Theater.

W. C. Fields, will start work on September 15, on "You Can't Cheat An Honest Man."

The "Dead End" boys will be featured in a picture with Joan Garfield entitled "They Made Me a Criminal."

Henry Fonda receives \$50,000 a picture but he got to be one of the most popular leading men only after a narrow escape from being typed as a farmer boy. His first picture was "The Farmer Takes a Wife" and the studio had plans for reviving some of Charles Ray's pictures for the young actor. However, he put up a good fight for different roles and made good in "The Moon's Our Home," "Jezebel" and "I Met My Love Again." He is now playing the part of a salmon fisherman in "Spawn of the North."

John Barrymore directs Elains before each of their scenes together in "Hold That Co-ed."

Leroy Prinz, after looking at a collection of co-ed college annuals, made the remark that there were no beautiful co-eds. He went on to say that their makeup and coiffures reminded him of church socials or farm towns.

Billy Gilbert is leaving Hollywood to star in a stage comedy this season. He will play the part of a professor of Greek in "Greek to You."

Joan Crawford is the most freckled actress this season. Myrna Loy runs her a close second.

Rumor has it that Hitler is an adorer of Greta Garbo, and that he sat through three showings of "One Hundred Men and a Girl" just to observe Leopold Stokowski.

The Ralph Morgans and Joe E. Browns are among the movie couples who have been happily married for twenty-five years. The Harold Lloyds, Warner Baxters, Frederic Marches, John Boles, and Jack Bennys are among those who have been happily wed from ten to twenty years.

Edgar Bergen's new dummy, Mortimer Snerd, stole the show when he made a surprise appearance in "A Letter of Introduction." Mortimer has a brick teeth, a country drawl and is so bashful that half of the time he hid under Bergen's coat. This causes Charlie to pout.

Mae West is planning another personal appearance tour beginning Sept. 1, and making one and two night stands.

Darryl Zanuck, while in Europe scribbled out the synopsis of a story and got Corrigan's signature to a contract before the aviator sailed for home.

Bay St. Louis Priests Assist in Blessing of Biloxi Shrimp Fleet.

A colorful and impressive religious ceremony at Biloxi Sunday morning was the annual blessing of the shrimp fishing fleet with a celebration of a Pontifical High Mass on the historic spot where d'Iberville landed in 1699, on Back Bay, and founded Biloxi. Most Rev. R. O. Gerow, Bishop of Natchez, was chief celebrant. Participating in the Mass were many priests from all sections, including the Very Rev. A. J. Gmelch, the Rev. Wm. Bauer, from Bay St. Louis.

Among the visiting clergymen from Bay St. Louis, was the Rev. John Gasper, S. V. D., Bay St. Louis. The Rev. Wm. J. Leech, pastor, Church of the Nativity, Biloxi, went on board and blessed the boats.

When you drink Beer in a tavern... choose your tavern

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.

And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social

conditions that sometimes surround its sale. Existing laws can curb these evils. Help us by demanding their strict enforcement! Sales to minors, or after legal hours...or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort...all these are violations of the law and should be stopped. Public opinion, once aroused, can see that such practices are stopped!

WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

REAL PHILOSOPHY.

(Greensboro, Ala., Watchman)

OUR greatest sin is the measuring of everything in the terms of money. We should get off the money standard, and on to the time standard in our thinking. The art of living is the art of getting the most out of the minutes that are ours. How to make every minute count for happiness, for growth, for service, for peace and contentment—that is our real objective.

The man who burns himself out piling up wealth and then spends the sunset of his life in the porch of a sanitarium watching the healthy poor go by—has failed. He has failed in his use of time—the minutes that came to him bright and shining right from eternity—just as they come to you and me. In his accumulation of millions of dollars he has sacrificed thousands of hours of happiness. For time, not money, is the stuff that life is made of.

STRAINING TO FIND FAULT.

(West Point Leader)

IT IS SAID that Governor White is being criticized because he has engaged rooms for a vacation at the Edgewater Gulf Hotel, located between Gulfport and Biloxi. The objection is based on the fact that the Edgewater Gulf is owned by non-residents. But the Governor need not worry. Most Mississippians realize that the future hope of the State is to induce more people from other States to invest their money here.

NEWS FOR HOMEOWNERS.

(The modern trend in home building is toward insulation; walls are protected against heat and cold, ceilings and basements against frost, dirt and seepage. Latest development in the field is "window conditioning" which architects and engineers claim is the most vital insulation of them all. Installing double sash or storm-windows is reported to effect a greater dollars and cents saving to the homeowner than any other type of insulation. Tests conducted by Prof. G. L. Larson, of the University of Wisconsin, show that in the average home which is not "window conditioned" one out of every four shovels of coal goes out the window instead of in the furnace. The tests also reveal that the cost of double glazing or "window conditioning" is repaid within two years through furnace fuel savings.)

NAVY ODDS AND ENDS.

Our costliest battleship is the U. S. S. Maryland, it set Uncle Sam back \$7,564,481, when completed. The U. S. S. Colorado comes next but was more than \$300,000 cheaper even though it has a greater displacement.

An enlisted man after 20 years service in the navy receives a pension of \$3 dollars per month, and after spending an additional 10 years in the Fleet Reserve, the pension is increased to \$10.25 per month for the rest of his life.

"THREE COMRADES" FEATURE OF A. & G. THEATER SUN.-MON.

Robert Taylor, Margaret Sullivan, Franchot Tone, And Robert Young Join Voices in Rendering "The Comrade Song"

Hollywood's most distinctive quartet blend their voices in song in "Three Comrades," opening at the A. & G. Theater Sunday.

The warblers are Robert Taylor, Margaret Sullivan, Franchot Tone and Robert Young, who sing "The Comrade Song," written especially for them.

Taylor, Tone and Young play the three comrades who emerge disillusioned from the World War and find nothing to live for in their revolution-torn city until Taylor falls in love with Miss Sullivan.

Adapted from the novel by Erich Maria Remarque, who also gave "All Quiet on the Western Front" to the world, "Three Comrades" is wholly a love story between a man and a girl, three men for each other and three men for a girl.

The supporting cast includes Guy Kibbee, Lionel Atwill, Henry Hull, Charley Grapewin and Monty Woolley.

Without "Baby," Erich Maria Remarque could not have written "Three Comrades," for the racing car has a very important role in the picture. Margaret Sullivan first meets Taylor while the three comrades are on a Sunday outing in "Baby." In "Baby," after she has deserted her profiteering admirer, Lionel Atwill, Miss Sullivan's love for Taylor progresses as they drive through the country.

When Young becomes involved in a political riot it is "Baby" who rescues him. Baby also speeds Miss Sullivan and Taylor on their honeymoon, and when Miss Sullivan suffers her first serious illness it is "Baby" who races the doctor to her bedside.

After Young has been slain in another riot, Taylor and Tone, with Young's body in the back seat of the automobile, prowl the city's streets seeking the assassin and finally trap and kill him.

Although adapted from the best-selling novel by the author of "All Quiet on the Western Front" the new picture is not a story of national strife. Revolution and riot from a distant background form the tender love story that the picture unfolds.

Altamont, Kansas, Boy Scouts Visit City On Tour of the South.

Traveling by private bus, 17 members of Boy Scout Troop, No. 34, of Altamont, Kansas, accompanied by three sponsors and with A. E. Hays in charge, en route to Pensacola, Fla., stopped over in Bay St. Louis Tuesday morning and had breakfast at Dad Manieri's restaurant on the beach front.

The group are touring the South, visiting twelve states and report having a most interesting time. After spending a while in Pensacola they will return to Bay St. Louis en route to New Orleans from which point they will start journeying homeward in time for the opening of school season.

Mr. Hays was loud in his praise of the trip thru the South, of the hospitality and courtesy of the people of this section, and of what they saw, a trip, far reaching in its educational aspect. He said the boys will return home with glowing accounts of the South and its people. And their journey to Dixie will ever live.

THINGS TO WATCH FOR.

A "draftless fan" which stands on the floor and draws in cool air at approximately floor level, shooting it up toward the ceiling in a perpendicular column. A collapsible fish net which snaps open like an umbrella, to lift fish out of the water. An electric bulb which gives off perfume or medical vapors; the light bulb is thinly coated with clay or alabaster, in which the perfume or medicament is absorbed. Cakes made with soap, such a small quantity is added to the baking mixture that it does not affect the flavor, but makes the cake lighter and fluffier.

DAILY PARADES TO BE FEATURE OF STATE FAIR

Part of Program For Fair At Jackson—October 10 Thru 15.

A daily parade featuring some phase of the exposition theme, "Know Your State," will be staged during the Mississippi Free State Fair to be held at Jackson October 10-15.

A gigantic procession, featuring floats and marching units representing every major Mississippi industry, will mark Monday, October 10th, which has been officially designated as "Industry Day," "Jackson Day" and "Press Day."

Members of the Mississippi Press Association, assembled in Jackson for their annual fall meeting, will be the honored guests of the State Fair and will participate in the parade. Tuesday, October 11th, which will be "Agricultural Day," will see a parade of agricultural units, including floats representing cotton, dairying, livestock and other phases of farm interest.

Wednesday, October 12th, will be "Health Day" with the various health units of the state taking part in a dramatization of that subject. History and recreation will be the twin themes of a parade on Thursday with the biggest procession of all scheduled for Friday, "Education Day."

Saturday, October 15th, last day of the fair, will find veterans and fraternal organizations "on parade" in a procession which for sheer glamor will probably outclass all others.

The daily parades will be staged at 11 a. m. except on Friday. Due to the tremendous crowd anticipated for "Education Day" the parade on Friday may be held at 9 a. m. in order to clear the streets for visitors. In keeping with the exposition theme, "Know Your State," every section will be invited to have a part in the daily processions.

Property Worth Owning Is Worth Preserving.....

THE VALUE of a building whether it be dwelling or store house depends on its condition. This may best be kept to the high point by repairing when such attention is needed and keeping the surface painted. Frequent painting not only sustains value but prevents decay and deterioration.

Paint is the cheapest and most efficient form and lasting element for preserving the surface. Let us give you an estimate on the cost of paint required. We will suggest colors, quality and give all information desired about painting and tell you the kind to use. Our service is free.

To The Voters Of The Second Circuit Court District

ON August 23, next, you will be called upon to select a Circuit Judge. There is no office of greater importance than that of Circuit Judge. Almost every business is under the jurisdiction of such a Judge and subject to his decisions. It is, therefore, of the greatest importance that an honorable, fair-minded, conscientious, experienced, strong-minded man be selected for that office.

It is rumored that to some extent the Circuit Court has been controlled and domineered by a very small group of lawyers, and from the observations of the people in the Courtroom, quite frequently this presumption is justified. A Court conducted in that manner is extremely dangerous, as today your interest may be protected by these controlling lawyers, but tomorrow, they may be against you, and if they are against you, you would have just as much chance of getting fair and impartial justice in the Circuit Court as you would to fly without wings. It will require a man of considerable backbone and grit to see that absolute justice and fair play is provided for every litigant that comes into that Court.

I am a candidate for this high office. My past record in the performance of my duty as an attorney, as a judge, and as a citizen justifies the belief that I can make the sort of Judge that will see that the interest of every person, be he black or white, rich or poor, Jew or Gentile, Protestant or Catholic, prominent or insignificant, coming into my Court shall receive 100% fair and impartial justice, with an absolutely fair and lawfully drawn jury, with absolutely no group of attorneys, cliques, nor politicians controlling the trial of your case in the slightest degree.

I have the backbone and stamina, the courage and political fearlessness to give all persons the character of trial that is guaranteed by the laws and the Constitution of this State. Upon these premises, I ask you to vote for and support me for Circuit Judge. If you want a controlled Court and jury system by a small group of attorneys and politicians, you will not vote for me for Circuit Judge. The matter is left to your decision and the consequences of your vote, if the party you vote for is elected, will reflect upon you and your business.

Hoping that you will consider these matters impartially and seriously, I remain,

Yours very truly,

W. ESTOPINAL

Like in Mexico City, our guide at Monterey, Ted Davila, addressed the Board, was both an interpreter, bonded driver guide, and served us to the best advantage. We shall never forget such gentlemanly attention and efficient service. He was Ripley's guide and many prominent and well known personages from the States.

Mrs. de Ben returned with many beautiful things, picked up on her travels and well worthy was the trip. After spending the month of August and possibly September she will return to New Orleans to spend the winter.

Personal and General

MRS. H. E. DE BEN AND DAUGHTER RETURN FROM TRIP TO MEXICO CITY.

Mrs. Hubert E. De Ben and daughter, young Miss Melanie, returned home Saturday evening from an extensive trip to Mexico, covering a period of over six weeks. During which time they visited principally at Monterey and Mexico City, not omitting the suburban towns that lure the traveler to the strange and unusual.

At Monterey, where they stopped several days going and a week and over on the way back, located at the beautiful new Monterey Hotel, like the Roosevelt at New Orleans, "In the heart of all things," they quickly became acquainted and before leaving were by no means strangers with the keepers of hundreds of delightful stores and shops—where you shop to your heart's content and where the peso (a dollar bill in Mexico) is only twenty cents in American money. It was formerly 28 cents. In Mexico City one hundred dollars in American money gives in return five hundred dollars.

They visited Saltillo and various points within the hundred miles radius. Monterey boasts of some 350,000 population and is the principal manufacturing center of all Mexico. Here glassware, furniture and many of the staple articles of daily use are manufactured in addition to weaving, rug and blanket-making, basketry, etc.

From Monterey the couple, accompanied by a gentleman acquaintance, a merchant en route to Mexico City for his annual buying of such stock as is best procured from the capital, and whose acquaintance the couple formed through introduction of a friend, they journeyed on over the new route to Mexico City, the ultimate goal of all travelers to Mexico.

Mrs. de Ben practically visited all places worth while. At Toluca, further south, they visited headquarters of the Aztec Indians where the Aztec craftwork is produced. No other place of such intense interest, said Mrs. de Ben, and here one purchases things not likely to be found over other sections of Mexico.

At Chochimilco the party saw the famous floating gardens, down a body of water 18 miles long and of width. Here boats, gondola like and in Venice fashion ply the waters day and night. Soft music of the Mexican type accompanied the small craft. One seated here buys from accompanying supplying craft.
